

10 Brain-Based Strategies for Creating Engaging Learning

by Britt Andreatta, PhD

1. Solve the real problem.	7. Don't forget the practice.
2. Identify the habits.	8. Prime the brain.
3. Assess the bigger context.	9. Present like a pro.
4. Map the "aha!" moments.	10. Have a Plan B...and C.
5. Tell a story... in images.	11. Learn and improve.
6. Break into 15 min chunks.	Notes:
